“ Thanks so much for the coccyx cushion. As a student in my last year of a history degree, I have to spend most of the day sitting down, working. So back supports like this are invaluable. I now have coccyx comfort cushions stashed in libraries around Oxford. The one you have just sent me lives behind the librarian’s desk in the Radcliffe Camera Library of the Bodleian Library, ready for me to sit on. Another lives at the Examination Schools for use in lectures. There is another in my college room for general carrying around. I couldn’t be without them. Thanks again ”.

“ I have received the cushion safely. It has been in use for several days and it works very well. The combination of the soft foam for immediate comfort and the techno’ stuff for long-term help, seems to do the job. I have no hesitation in enclosing a cheque “.

“ The coccyx comfort cushion I bought from you last week is great. I can now sit at my computer for at least 2 hours a day with very little pain. Before I had this cushion, I was in excruciating pain after just 15 minutes. Delivery was really fast as well “.

“ I have received the cushion and once again, I am delighted with it. I am impressed by your firm’s efficient and caring attitude. As the stamps you used were not franked, I have enclosed them and you may be able to use them again” “.

“ I would like to thank you for the excellent service you have given to my mother-in-law in St Annes and my husband in Leeds. Both have benefited from your advice over the purchase of four chairs between them. For service, you simply cannot be beaten....I wish everyone could be as obliging and helpful “.

“ Thank you very much indeed for all your help and advice in choosing our Adjustable beds. They are fantastic. What luxury. The Putnam pillows really do help to relax the neck and shoulders. As for the comfy recliner chair, maybe it is too comfy; it does tend to send one asleep! “

B. Bentham (Ansdell, Lancashire) Sept 2005.

“ I recently purchased an electric riser/recliner chair and I am delighted with it. I have a lower back condition and have found the firmness and positioning of the chair helps me a lot, to manage my arthritis. I would also like to say how impressed I was with the service given: nothing was too much trouble. Also, I did not have long to wait for delivery. An all-round excellent transaction, very competently carried out “.
